"My guests and family were so pleased to see your outstanding performance, bravo! I received only positive remarks about your group. It only showed how they missed our culture as they got so excited to watch you perform our famous folk dances which they haven't seen for the longest time. Your dances were beautiful and very entertaining! The audience participation part in the tinkling dance was well received and I personally enjoyed that as well!"

- L. Macanan, Union City, CA

"Our experience with KFA was phenomenal. They were truly professional, and provided a great performance that both my husband and I, as well as our guests truly enjoyed. The dancers were wonderful, and the musicians were excellent."

- B.Chan, Stockton, CA

"Kawayan Folk Arts is a very professional cultural dance group. They make me very proud of my cultural heritage and even prouder than I knew how wonderful each one of them is as a person!"
