Cut along the dotted line to remove ornament template. Follow instructions below while folding along the lines.

2

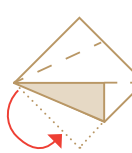

Begin with the printed side facing up. Fold square in half. Open, turn 90°, fold in half again. Return to open square.

3

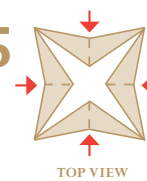

Fold diagonally, matching corners. Open, turn 90°, fold in half again. Return to open square.

4

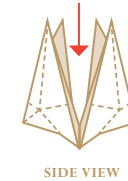

Fold corners inward to meet the diagonal fold line, forming a kite shape. Open and repeat with each corner (4 times). Open again and turn over so that the blank side is now facing you.

Pinch at the middle point of all 4 sides inward while cupping the square in your palm. As sides fold inward, push down on the center with your finger to form a point.

6

Place double-stick tape on the inward folds. Add string to 1 strip of tape. Adhere and form ornament shape. Enjoy!
